Reviews

This sort of ebook is every thing and made me hunting forward and a lot more. I have read through and i also am confident that i am going to going to go through once again once more in the foreseeable future. I discovered this publication from my dad and i encouraged this book to discover.

CYBERCRIME CRIMINAL THREATS FROM CYBERSPACE CRIME, MEDIA, AND POPULAR CULTURE

Praeger. Hardcover. Book Condition: New. Hardcover. 281 pages. Dimensions: 9.3in. x 6.4in. x 1.3in. Cybercrime: Criminal Threats from Cyberspace is intended to explain two things: what cybercrime is and why the average citizen should care about it. To accomplish that task, the book offers an overview of cybercrime and an in-depth discussion of the legal and policy issues surrounding it. Enhancing her narrative with real-life stories, author Susan W. Brenner traces the rise of cybercrime from mainframe computer hacking in the 1950s to the organized, professional, and often transnational cybercrime that has become the norm in the 21st century. She explains the many different types of computer-facilitated crime, including identity theft, stalking, extortion, and the use of viruses and worms to damage computers, and outlines and analyzes the challenges cybercrime poses for law enforcement officers at the national and international levels. Finally, she considers the inherent tension between improving law enforcements ability to pursue cybercriminals and protecting the privacy of U. S. citizens. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
