Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Although best known for his scientific romances that paved the way for the modern science fiction genre, H. G. Wells (1866-1946) produced significant works on politics, society, science and history. Fascinated as much with the real world as his imaginary one, and displeased with the quality of history textbooks at the end of World War I, Wells took on the task of writing his own book of world history. This is a high quality book of the original classic edition. This is a freshly published edition of this culturally important work, which is now, at last, again available to you.
