Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *The Farmer s Outlook: A Review of Home and Overseas Agriculture, 1880 1913* Accepting price as a measure of demand, the higher cost of foodstuffs so widespread, affecting so many articles, suggests a common underlying cause. Our concern is not with fluctuations; they are common in periods both of high and low prices. The well-established rise in values, which we are considering, cannot be mistaken for a temporary movement. An essential preliminary is to fix the scope of the enquiry, here confined to wheat, meat, and dairy produce, and to block in as a perspective some general considerations. Our point of view is world-wide. Modern means of communication have gone far to annihilate distance and equalise prices. High grade food-products have found their way into every market, and set a standard of quality. The success attained during a period of low prices, has eliminated competition against the interests of consumers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
