A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Quickly, the investigators deduce that there's more to Clover's death than meets the eye - with issues of national importance at stake. Holmes is currently on his Great Hiatus - his three-year absence after Reichenbach Falls during which time the people of London believe him to be deceased. The disturbed Holmes has faked his own death and now, as he meets James, is questioning what is real and what is not. Holmes' theories shake James to the core. What can this master storyteller do to fight against the sinister power - possibly Moriarty - that may or may not be controlling them from the shadows? And what was Holmes' role in Moriarty's rise? Conspiracy, action and mystery meet in this superb literary hall of mirrors from the author of Drod.
