Ultrasound guidance in
obturator nerve block in
lower limb spasticity

LAP Lambert Academic Publishing Mai 2016, 2016. Taschenbuch. Book Condition: Neu. 220x150x3 mm. Neuware - Background and objectives: The obturator nerve has been the subject of several studies due to its varied anatomical location & accessory branches. This nerve can be blocked at proximal and distal levels. Better visualization of the nerve may improve safety and success of the block. In our study ultrasound was used along with peripheral nerve stimulator for blocking the obrurator nerve divisions distally in the...
