Brand New Book ***** Print on Demand *****.Like many 17-year-olds, Molly Doyle walked into her final year of high school assuming it would be all about college planning, prom, graduation, and adventures with friends. Though nursing a broken heart, Molly believed she led a rather charmed existence: she had a highly motivated but fun social circle, a position in student government, a sophisticated older brother and sister-in-law, easygoing parents, and a bright future, but when her adoring father was diagnosed with stage four liver cancer on Thanksgiving Day, she realized there would be more to her senior year than the standard teenage experience. At the same point in time, Molly s former boyfriend and first love was just getting settled at Harvard and behaving cold and apathetic toward her, adding insult to injury because she still had feelings for him. A bittersweet story of love and loss, THE WINGMEN tackles the paradox between trying to experience the joys of youth and having no choice but to grow up and endure something most people don t face until adulthood.
