He has intensely light and thick hair, and has had a very acute attack of jaundice, which imparted to the hair a definite golden orange tint. Examining a hair, one clearly sees the yellowish color plainly marked out in the center of the hair shaft. As the jaundice passed away the color of the hair definitely and rapidly changed in a few days. This fact would seem to prove that the color of the hair can be altered by substances taken internally and introduced into the blood--a fact of some cosmetic if not of curative importance. Capsules composed of hemoglohin have often been recommended for the purpose of darkening the color of the hair. Tho most dermatologists seem to deny their efficacy for this purpose, there...
