It is, indeed, the only subject taught consecutively throughout the entire course of eight years. The importance attached to school music is shown by the amount of time it receives. From 60 to 150 minutes a week are devoted to class instruction, the average for all grades throughout the country being about 100 minutes. Assembly singing generally occupies from 5 to 15 minutes a day, a total, on the average, of about one hour in the week. With the extra time spent in preparing songs for commencements and other exercises, and the marches usually played for assembling and dismissing schools, music is seen to receive the surprising total of two and one-half hours in the school week of 25 hours.
