The second edition of this engaging and highly-respected text offers an exploration of leadership in a variety of contexts, both profit-orientated and non-profit. New to this edition: refined to capture and delineate the essential theories more clearly, with broader coverage taking in the latest developments in areas such as change, politics, assessment and development of leadership, and multiple intelligences; further development of a new integrative model of core leadership themes and practices; abundant examples and illustrations, together with detailed explanations of how they apply in practice; and a companion website with an Instructor s Manual, PowerPoint slides, links to additional case studies and full-text journal articles.
